Dear Lloyd,

I am writing this letter to thank you and the rest of Pro-Maxima for helping me to build one of the finest Division 1 weight rooms in the country. As a coach, whenever you design a facility your fear is that it won't turn out the way you planned. But I can say, without hesitation, that this facility turned out exactly how I wanted it to, and that is due, in large part, to Pro-Maxima, their salesmen, designers and fabricators, turning my ideas into reality.

The equipment quality is second to none, and I will not hesitate to use Pro-Maxima for all of my future equipment/ weight room needs.

Once again, thanks for all your hard work

Sincerely,

Steve Bamel
