Barrett,

The fitness equipment ordered (invoice 0058248-IN) for the MNARNG Roseville TACC was received this last Tuesday.

I want to mention the professionalism of your companies delivery personnel was top notch. They were very friendly and worked extremely hard to accomplish the set-up in an efficient manner. I was ultimately impressed with the "can do" attitude and the drivers skills to maneuver in a difficult neighborhood with such a large rig. Please pass on a big thanks to them!

I look forward to working with you and your company again.

Thanks again!
