

Dear Mr. Smith,

August 12, 2016

Abbey Residential has worked with ProMaxima fitness for over a decade, ordered in the 6 figures and saved thousands of dollars compared to other vendors. I am happy to write a letter of recommendation.

ProMaxima will work with your team from design to deliver and install. Your dedicated sales rep will be available to you pretty much anytime needed even after 5:00 p.m. and on weekends. In addition, ProMaxima installers also work on weekends and holidays.

ProMaxima will save you money because they are the "manufacturer". Saving money does not mean you are giving up on quality. In fact, you are getting very high quality fitness equipment at manufacturer pricing with very strong warranties.

We have been very happy with ProMaxima over the last decade plus and are confident you will be equally as happy with them.

ProMaxima will do all they can to make sure your fitness center is one that residents will want to work out in and give your leasing agents a feeling of pride when showcasing the fitness center to future residents.

Again, we are pleased to recommend ProMaxima as a fitness equipment supplier and know they will give you the same high standards of service they have always given Abbey Residential.

Thank You,

Debbie Garner

President
